

## **CULTC Safety Role 2022-23**

The role of Safety Officer is one that is shared out as much as is practicable and effective within the club committee, to avoid a single point of failure and overloading individuals and to ensure appropriate input from individuals. Upholding a culture that supports the safety policy is the responsibility of all its members, as we ask them to:

- Take reasonable care for their own health and safety and that of others who may be affected by what they do or not do.
- Co-operate with the club on health and safety issues.
- Correctly use all equipment provided by the club.
- Not interfere with or misuse anything provided for their health, safety or welfare.
- Only use facilities when it is safe to do so. Particularly, do not play when courts are wet or slippery.

That being said, a number of committee positions involve specific safety responsibilities as stated in the CULTC Safety Policy. These are:
